Me & My Services

Hi there! You can call me Clo. **I'm a Certified Life Purpose & Career Coach** and I love to work with multi-passionate professionals and creatives that are looking to transform their lives by discovering their potential so they can get that new job or make healthy steps to changing into a career that feels right for them. There's a lot of us out here that have more than one passion or skill and in the world of single specialization, it can be overwhelming to figure out where to put your energy so you can be more fulfilled.

I also work with folks who are stuck in an unhappy career or situation and don't know where to start for change. Many of us get mentally stuck with fear of failure, shock, and 'analysis paralysis', that progress feels near impossible. I'm here to tell you I was there before and there are solutions. We investigate those blockers so you can work past them and onto your journey to growth.

If you're:

- An individual who has many talents, but don't know what to do with them
- Someone who has not yet discovered your talents and need help identifying them
- Feeling stuck in a dead-end job and want to reset your career or change it altogether
- A serial entrepreneur who is overwhelmed with ideas and need an action plan
- A creative (writer, artist, entertainer) struggling to manage your goals due to ADHD (formerly ADD)

I want to work with you. I can get you focused and excited for your future again!

Fees

- I create custom packages for my clients as we all have various needs. With this custom package, workbooks, mini-courses and other materials are included in the price.
- I offer discounts on all packages so it saves you $$ on the sessions which are typically $120 - $135 USD/hour
- Packaged sessions are based on your goals so there's results attached to your time with me.
